Amendment to January 10, 2006 Dennis McKinney Report

The six checks deposited on June 23, 2006 totaling \$1,850 were received prior to June 22 and inadvertently listed on the date deposited. Listed below.

The deposit from the Kansas Commission for Rural Electrification was hand delivered to Dennis after the Special Session was over and the date the check was written was used on the report.

Schedule C should also show a check written on September 1, 2005 for \$250.00 to the Kansas Dental PAC, to return their contribution that exceeded the limit. This would increase the Schedule C total to \$18,486.87 and thus reduce the ending balance to \$29,880.53. (Note correction from faxed copy)

Thank you,
